2. On receipt of the reference, a case was registered under No. IT/69/92 and registered A/D notice was issued to the parties. In pursuance to the said notice, Party I filed the claim statement at Exb. 8 and Party II filed the written statement at Exb. 9. Party I then filed the rejoinder at Exb. 10.

3. It is in short, the case of Party I that it is a registered Trade Union and that by letter dated 10-5-03 it raised an industrial dispute before the office of Assistant Labour Commissioner, Government of Goa, Mapusa, Goa requesting the intervention in the matter of payment of outstanding dues arrears payable to 81 workers of Phil Corporation Ltd., arising out of the settlement dated 31-7-2001. It is stated that the copies of the said settlement dated 31-7-01 were not given to the Workmen and they were not informed of the terms of the settlement. It is stated that the revised wages were paid to some of the workers and when they approached the management, they were told that they did not give the undertaking within 2 days and hence the benefits were not available to them. It is stated that as per clause 4 of the settlement, the same was binding on all the permanent Workmen of the Company in Goa and therefore its benefits had to be extended to all the permanent workers, without any conditions. It is stated that the Conciliation Officer registered the said settlement vide the registration letter dated 26-11-01 thereby converting it as conciliation settlement which binds all the workers in

the establishment. It is stated that all the 81 workers have carried out the same and similar work as that of the workers who had been given the benefits of the settlement. Hence it is prayed by Party I to declare that the benefits of the settlement dated 31-7-01 shall be extended to all the 81 Workmen; that the Workmen in the reference are entitled for the arrears arising out of the said settlement and to award 18% interest on the arrears arising out of the said settlement.

4. In defence Party II has denied the contentions raised by Party I and has stated that settlement dated 31-7-01 is under Sec. 2(p) r/w Sec. 18(1) of the Act and was signed between the management of Party II and its Workmen represented by Phil Corporation Employees Union. It is stated that clause A(5) of the said settlement specifically provided that the benefits, rights, obligations flowing from the said settlement in whatsoever manner shall apply only to such workers/employees who accept and agree to abide by the terms and conditions of the said settlement in writing and in terms of this clause, Party I Workmen, if were interested in the benefits of the said settlement, should have filed applications to Party II, accepting the said settlement. It is stated that prior to the signing of the said settlement Party II had issued a notice dated 6-7-01 for the information of all the Workmen that Party II and the Union had reached an understanding on the settlement and prior to signing the said settlement, the Workmen who were interested in agreeing with the said undertaking had to put in writing individually by 10-7-01 and if the consent was not received by that date, they would not be eligible for the benefits of the said settlement. It is stated that Party I Workmen had not given such consent by 10-7-01. That on 31-7-01 the said settlement was signed and immediately on the same day, Party II displayed a notice dated 31-7-01 stating therein that settlement u/s 2(p) read with Sec. 18(1) of the Act has been arrived and the Workman who will signify, their consent in writing will be eligible for the benefits of the said settlement and in response to said notice, many of the workers gave consent for extension of the said settlement. It is stated that on 9-8-01 some more Workmen at their request were permitted to sign the consent accepting the said settlement and the benefits of the same were extended to the said Workmen. It is stated that as a special case, Party II considered the request and extended the date of acceptance upto 14-8-01 and on such acceptance, the benefits of the said settlement were given to them. It is stated that

majority of the workers had given the acceptance for the said settlement by 15-10-01. It is stated that Party II again displayed a notice dated 15-10-01 and by using the discretion extended the period of acceptance of the consent letter for a week from 15-10-01. It is stated that 81 Workmen who are parties to this reference did not file their consent letter accepting the said settlement and as such they could not be given the benefits of the said settlement. It is stated that the settlement being u/s 2(p) r/w Sec. 18(1) of the Act is binding only on those Workmen who are parties to it and those who had accepted the settlement as provided under the same. It is stated that the duration of the said settlement was upto 31-12-03 and till then Party I Workmen had not accepted the same nor had made demand for its benefits during the operation period. Thus according to Party II, Party I Workmen are not entitled to the benefits of the said settlement dated 31-7-01.

5. In their rejoinder Party I has not specifically denied the contentions raised by Party II in the written statement but have stated that the workers in the reference have carried out the same and similar work as that of the workers to whom the benefits are extended; that the workers in the reference were paid less wages for the period 1-9-2000 till the date of their retrenchment and therefore they are entitled for the arrears and the difference in salary with 18% interest; that the wages and other allowances of the workers in the factories were revised from 1-9-2000 and therefore the workers to the reference are entitled to the wages and other allowances at par with the other workers working on the same jobs and machine, doing the same work and therefore they are entitled for the amount illegally deducted from their wages. It is stated that as there is only one Union and all the workers were the members of the said Union who have authorized the Union to sign the settlement dated 31-7-01, the so called acceptance letter is null and void and as per clause of settlement the benefits of the same ought to be extended to all the Workmen in the factories in Goa.

6. On the basis of above averments of the respective parties, issues at Exb. 11, dated 1-1-08 were framed.

7. In support of their case Party I Workmen examined Shri Zipre Parab, the General Secretary of their Union as witness 1 and closed the case. On the other hand Party II examined Shri B. S. Sridhara, the authorized signatory for the Party II as witness 1 and closed their case.

8. Heard Lnd. Adv. Shri S. Gaonkar for Party I and Lnd. Adv. Shri P. J. Kamat for Party II. Both the Lnd. Advocates also filed written submissions which are at Exb. 34 and Exb. 15 respectively.

9. In his arguments Lnd. Adv. for Party I submitted that since the settlement date 31-7-01 (Exb. 16) is between Party I Union and Party II and as Party I Union had been representing all the workers, it was not required for the Party I Workmen to give the consent as required by Party II and it was binding on Party I Workman, unless the settlement was malafide or fraudulently obtained or obtained on account of corruption. In support of his above submissions he relied on the judgment in the case of **Amabalal Sarabhai Enterprises v/s Chemical Labour Union and Ors. 1991 I. LLJ 230**, in **The K. C. P. Ltd., v/s The Presiding Officer and Ors. 1997 1 LLJ 114** and in **Hillson and Dinshaw Ltd. v/s. P. G. Pednekar and Ors. 2002-III-LLJ 99**. He then submitted that since the settlement in question is registered with the Conciliation Officer, the same has been converted into a conciliation settlement and hence it binds all the workers in the establishment. In support of his above submissions he relied on the judgment in the case of **Virudhachalam P. & Ors. v/s Management of Lotus Mills & Anr. 1997 1 LLJ 191**. He also stated that introduction of clause giving options to the workers of accepting an abiding by the terms and conditions of the settlement in writing is opposed to the public policy and is redundant. In support of his above statement he relied on the judgment in the case of **Cipla Ltd., v/s Anant Ganpat Patil and Ors. 2008 1 CIR 102**. He also made it clear that since the settlement has been signed by the Union representing the Workmen, the Workmen to the reference are bound by the terms of the settlement and in support of above statement he relied on the judgment in the case of **Force Motors Ltd. Pune, v/s Shantilal Hukumchand Sancheti & Anr. 2011 1 CLR 936** by referring to the clause 4 of the settlement, he stated that it is binding on all the Workmen.

10. On the other hand Lnd. Advocate for Part II submitted that the workers to the reference had refused to accept the settlement and had not signed the consent letter and this fact is apparent on the face of the settlement at Exb. 16 which indicates that the workers representing the Union during settlement talks were 9 in number whereas only 5 out of 9 have signed the settlement. He also stated that some workers out of 81 have given the consent at later stage and accordingly they were extended the benefits. He then stated that

since the settlement in question is u/s 2(p) r/w Sec. 18(1) of the Act it binds only the workers who have consented to it and not to others. In support of his above contentions he relied on the judgment in the case of **Tata Consulting Engineers & Associates Staff Union v/s Tata Consulting Engineers 2002 1 CLR 701**, in **ANZ Grindlays Bank Ltd. v/s Union of India & Ors. 2006 1 CLR 6**. He then stated that in terms of rule 58(2) (b) of the Industrial Disputes (Central) Rules, the representatifs of the Workmen who sign the settlement on behalf of the Workmen are required to be authorized in this behalf at a meeting of the Workmen held for the purpose and as in this case no such authorization has been produced by the Workmen to this reference, the settlement in question does not bind these Workmen. In support of his above submissions he relied on the judgment in the case of **J. K. Chemicals Ltd. v/s B. D. Borude & Ors. 1989 (59) FLR 333**, **Brook Bond India Ltd. v/s Workmen 1981 II LLJ (SC) 184** and **Hindustan Housing Factory Ltd. v/s Hindustan Housing Factory Employees' Union & Ors. 1969 LAB.I.C. 1450**. He also stated that there is nothing in the bye-laws of Party I Union stating that its office bearers of Union can enter into a settlement with the management on behalf of the Union and its members and therefore the Workmen to the reference who have not consented to the settlement are not bound by the settlement and hence cannot claim the benefits or the arrears arising out of the said settlement.

11. I have gone through the records of the case and have duly considered the arguments advanced by both the advocates as well as the written submissions filed by them.

12. I am reproducing herewith the issues alongwith their findings and reasons thereof.

Issues	Finding
1	2
1. Whether the Party I/Workmen are entitled to the monetary benefits arising out of settlement dated 31-7-2001?	In the negative (except the Workmen at Sr. No. 20 to 23, 25, 26, 28, 30, 31, 32, 35 and 45 in the terms of reference).
2. Whether action of the management of the Party II in refusing to pay to the Party I/Workmen monetary benefits arising out of the Settlement dated 31-7-2001 is legal and justified?	In the positive.

1	2
3. Whether Party I/Workmen are entitled to the relief's as prayed for?	In the negative.
4. What award?	As per order below.

REASONS

13. Issue Nos. 1 & 2: Both these issues are answered together as they are corelated and are on the subject of the monetary benefits arising out of the settlement dated 31-7-2001.

14. Though according to Party I, the Union signing the settlement is the only Union functioning in the company and it was representing all the workers of the Party II and therefore the settlement is binding on Party I Workmen, it is admitted by Shri Zipre Parab in his cross examination that the settlement dated 31-7-01 is not a conciliation settlement. Shri Zipre Parab had stated in his affidavit in evidence that the conciliation officer registered the said settlement vide registration letter dated 26-11-01 thereby converting the said settlement as conciliation settlement and has produced on record at Exb. 19 the said letter dated 26-11-01. It may be mentioned here that the settlement has been registered under Rule 58 (4) of the Industrial Disputes (Central) Rules by the Asstt. Labour Commissioner as per the requirement of law and therefore as rightly pointed out by Learned Advocate of Party II sending of copies of the said settlement to the concerned authority or registration of the said settlement as per the requirement of law does not make the settlement which is u/s 2(p) read with Sec. 18(1) of the Act, a conciliation settlement. This is more because reading of the title of the said settlement at Exb. 16 by itself makes it clear that the same is u/s 2(p) r/w Sec. 18(1) of the said Act.

15. Having come to the finding that the settlement is not a conciliation settlement, in view of the observations in the judgment in the case of **Tata Consulting (supra)** it becomes clear that the benefits under such settlement cannot be extended to those employees who had not given the undertaking which is a part and parcel of the said settlement. It is observed in this judgment that the employees covered by such settlement u/s 18(1) of the Act is an independent class and no complaint can be made by the members of the other Union and thus no relief could be granted to such other Union. No doubt, as rightly pointed

out by the Lnd. Advocate for Party I, the relief in the above case was claimed by the other Union who had not given the undertaking and therefore the facts of this case could be distinguished from the facts of the instant case, but to my mind, the principle culled out from the above judgment which is that the settlement u/s 18(1) of the Act binds only its signatories, deserves to be accepted, irrespective of the fact that the Union claiming relief in the above case was the other Union.

16. In their written statement it is the case of Party II that prior to signing of the said settlement they issued a notice dated 6-7-01 informing the Workmen that Party II and the Union have reached an understanding on the settlement on the charter of demands and prior to signing of the settlement the Workmen who are interested in agreeing with the said understanding had to put in writing individually by 10-7-01 and if consent was not received by 10-7-01 those of the Workmen would not be eligible for the benefits of the said settlement. It is also the case of Party II that even on 31-7-01 itself they displayed a notice informing all the Workmen of Party II about the settlement being arrived at and further stating that the Workmen who would signify their consent in writing will be eligible for the benefits of the said settlement. It is further the case of Party II that the benefits of this settlement were extended even to the Workmen who on 9-8-01 made request to permit them to sign the consent accepting the settlement and as a special case the date of acceptance was extended up to 14-8-01. It is also the case of Party II that they again displayed a notice dated 15-10-01 and extended the period of acceptance of the consent letter for a week from 15-10-01. It is pertinent to note that the above facts mentioned in the written statement by Party II are not denied by Party I in their rejoinder and therefore I have no hesitation to hold that these facts are admitted by Party II.

17. In the judgment in the case of **Virdhuchalam (supra)** it is observed as under:

It has to be kept in view that the Act is based on the principle of collective bargaining for resolving industrial disputes and for maintaining industrial peace. The principle of industrial democracy is the bedrock of the Act. The employer or a class of employers on the one hand and the accredited representatives of the Workmen on the other are expected to resolve the industrial dispute amicably as far as possible by entering into the settlement outside the conciliation pro-

ceedings or if no settlement is reached and the dispute reaches conciliator even during the conciliation proceedings. In all these negotiations based on collective bargaining individual Workman necessarily recedes in background. The reins of bargaining on his behalf is handed over to the Union representing such Workman. The Unions espouse the common cause on behalf of their members. Consequently, settlement arrived a by them with management would bind at least their members and if such a settlement is arrived at during conciliation proceedings it would bind even non-members. Thus, settlements are the live wires under the Act for ensuring industrial peace and prosperity.

18. In the judgment in the case of *Hillson and Dinshaw (supra)* it is held as under:

.... the settlement in this case was arrived at not in the course of conciliation proceedings and hence as per Section 18(1) of the Industrial Disputes Act, 1947 it was binding on the parties thereto, namely the company and the Union representing the respondent-Workman who was its member. It was therefore binding on the Workman, unless it was shown that the settlement was ex-facie unfair, unjust or malafide....

19. In the judgment in the case of **The K. C. P. Ltd. (supra)** it is observed that even in the case of the settlement under Section 18 (1), if it was reached with a representative Union of which the contesting Workmen were members and if there was nothing unreasonable or unfair in the terms of the settlement, it must be binding on the contesting Workmen also. Even in the case of **Ambalal Sarabhai (supra)** it is observed that settlement between the Union and the employer if not malafide or fraudulently obtained or obtained on account of corruption or is not just and proper, is enforceable against the Workmen.

20. Thus, the ratio emerging from the observations in the above judicial pronouncements indicate that for the settlement to bind all the Workmen it has to pass two tests which are that the settlement has to be signed by the Union representing the Workmen and it should not be malafide, unreasonable or unfair. It is therefore required to see as to how far this ratio helps the case set up by Party I.

21. In this cross examination Shri Zipre Parab has stated that when this settlement was signed with the management, some of the Workmen were

against this settlement. Though Lnd. Advocate for Party I by referring to the term "some of the Workmen" used by Shri Zipre Parab tried to contend that these Workmen could be the ones who did not form the part of the Union however as rightly pointed out by Lnd. Advocate for Party II, the above statement made by Shri Zipre Parab cannot be read out of context as it is nobody's case that there were other Workmen in Party II who had not joined the Union. Thus the above term has to be read as referring to the workers comprising Party I Union and this inturn makes it clear that the settlement in question was not agreeable to some of the Workmen. It may also be mentioned here that Shri Zipre Parab has stated in his cross-examination that they were not shown the terms and conditions of settlement and as such they had not signed the settlement. It therefore appears from the statement of Shri Zipre Parab that the settlement was required to be signed by Party I Workmen and they did not sign it only because they were unaware of the terms and conditions of the settlement. Nevertheless, in his further cross-examination Shri Zipre Parab has stated that he was aware that the Company wanted the Workmen to give their individual letters of acceptance of terms of settlement, which means that Shri Zipre Parab was aware about the said clause on the subject of consent letter by individual Workmen, in the settlement.

22. In the above context it is worthwhile referring to clause 4 and clause 5 of the settlement at Exb. 16 which read as under:

4. *It is agreed between the parties hereto that this settlement shall be binding on all permanent Workmen of the company in Goa.*
5. *The benefits/rights/obligations flowing from this settlement in whatsoever manner shall apply only to such Workmen/ Employees who accept and agree to abide by the terms and conditions of this settlement in writing.*

23. No doubt, clause 4 above speaks about the binding effect of the settlement on all permanent Workmen of the Company but at the same time clause 5 mentions about acceptance of the benefits/rights/obligations flowing from the settlement, by the Workmen and therefore I am of the considered opinion that in the fact situation pointed out above, clause 4 cannot be read in isolation and it has to be read along with clause 5.

24. Reading of Exb. 16 makes it clear that at the time of discussion on charter of demands, 9 office bearers of the Union had participated but the settlement has been signed by only 5 out of them. As rightly submitted by the Lnd. Advocate for Party II, this fact by itself indicates that there was a rift in the Union and amongst the workers of Party II and it is precisely due to this reason acceptance clause was inserted in the settlement. The other fact which can be gathered from the above act of 4 workers not signing the settlement on behalf of the Union, is that the 81 Workmen had not accepted the said settlement.

25. It is also clear from the evidence of Shri B. S. Sridhara and the letters dated 26-8-03 produced by him at Exb. 30 colly that twelve Workmen from amongst 81 Workmen in this reference, gave their acceptance and requested to extend the benefit of the settlement w.e.f. August, 2003 onwards and accordingly the terms of the said settlement were extended to them and they were paid benefits w.e.f. August, 2003. No doubt, it is suggested to Shri B. S. Sridhara that the letters at Exb. 30 colly were prepared by the management and the management had obtained the signatures of the Workmen on the said letters but it deserves to be noted that since the Workmen whose letters are produced at Exb. 30 colly are at Serial number 20, 21, 22, 23, 25, 26, 28, 30, 31, 32, 35 and 45 in the reference and who are amongst the 81 Workmen who are parties to the reference, nothing could prevent Party I from examining any of the Workmen from amongst the above 12, for proving that the letters at Exb. 30 colly were prepared by the management and signatures of these Workmen were obtained on the same. Being so, the above suggestion do not merit consideration and on the contrary the very fact that the above twelve Workmen gave the consent and accepted the benefits of the settlement, makes it clear that giving of such consent was required, since the settlement was not a conciliation settlement.

26. Thus, from the above, it can be made out that Party II has succeeded in establishing that the 81 Workmen who had not given the consent letter at the time when settlement dated 31-7-2001 was entered into had not agreed to the terms and conditions in the settlement and therefore it now cannot be said that the said settlement having signed by the Union representing all the workers of Party II is binding on all the workers of Party II. It is thus in such peculiar situation the ratios in the judgments supra, cannot be made applicable to the facts of

the case at hand and this is because the ratio emerging in a particular case has to be read viz-a-viz the facts in that particular case. It also follows from above, that the case at hand has failed the first test laid down by the ratios in the judgments in the cases of **Virdhuchalam, Hillson Dillshaw** and **The K.C.P. Ltd.** (all cited supra). Consequently the question of the instant case passing the second test as required by the ratios in the above judgments, does not arise.

27. Though in the judgment in the case of **Cipla Ltd. (supra)** it is held that insistence on an undertaking/declaration by virtue of such clause in the settlement is opposed to the public policy, reading of this judgment makes it clear that settlement dated 14-5-2004 was arrived at between respondent No. 3 which was a recognized Union under MRTU & PULP Act and the management and under clause 14 of this settlement every worker who wished to receive benefits available under it was expected to sign a declaration/understanding in the format annexed to the settlement. The undertaking which each Workman was expected to submit under clause 14 was in the following terms.

"I..... hereby state that the contents of the settlement dated..... between Cipla Employees' Union and the Company has been read out and explained to me and fully understood by me.

I do hereby agree to abide by all the terms and conditions contained in the said memorandum of settlement. I shall fulfill all the obligations cast on me in this settlement and extend my fullest co-operation.

In the event of my refusal of failure to fulfill any part of my obligations towards maintaining normal production discipline and improvements in working, the Company is at liberty to withdraw the benefits arising from the said settlement."

Clause 14 of the settlement read as under:

"Every Workman covered by this settlement will be required to make an individual declaration to the effect that the terms and conditions in this settlement are acceptable to him. Such declaration shall be in the format at Annexure III and shall be submitted on or before May 31, 2004. In case a Workman does not submit the declaration as aforesaid, but chooses to submit the same at a later date, the benefits of the settlement only in respect of prospective wages will

become applicable to him with effect from the first of the month following the date of submission of the declaration".

28. It was held that clause 14 does not indicate that the extension of the benefits or obligations under the settlement of 14-5-04 was dependent on submission of the undertaking; that it merely stipulates that each Workmen is expected to submit the undertaking and that there is no indication in any of the clauses of the settlement that if the undertaking is not submitted, the Workmen would not be entitled to the benefits flowing from the settlement and would be bound by the settlement. It is also observed that para 3 of the undertaking implies that the petitioners would be at liberty to withdraw the benefits arising out of the settlement if in their opinion, the Workmen would not give the normal production levels or maintain discipline. It is thus observed that the insistence on an undertaking/declaration is uncalled for and the undertaking does not provide that the company would be at liberty to withdraw the benefits arising out of the settlement after giving the Workmen an opportunity to be heard. It was therefore in such situation held that insistence on an undertaking/declaration by virtue of clause 14 of the settlement is opposed to the public policy.

29. In the above context, Learned Advocate for Party II by relying on the observations in the judgment in the case of **ANZ Grindlay Bank (supra)** in which case the settlement was arrived at between the bank and the Association and which by virtue of Section 18(1) of the Act was binding only on the members of the Association was also extended to other employees who were not the members of Association and who in order to avail benefit of it were required to give a 'receipt' stating that they were accepting the settlement, submitted that this judgment of Apex Court runs contrary to the judgment in the case of **Cipla Ltd. (supra)** and therefore according to him, the arguments advanced by Learned Advocate for Party I on the subject of the existence of such clause being 'opposed to public policy' cannot at all be accepted.

30. I have gone through both these judgments i.e. the judgment in the case of **Cipla Ltd. and ANZ Grindlays Bank (both cited supra)** and have also elaborated in the discussion supra as to under what circumstances, the observations on the subject of such clause being opposed to public policy have been made in the judgment in the case of **Cipla Ltd. (supra)**. The fact situation in

the instant case and more particularly the contents of clause 5 in the settlement in this case could be distinguished from that of the declaration in clause 14 in the case in **Cipla Ltd.**, and therefore in my view considering the evidence in the instant case wherein it is clear that there was a rift in the Union and among the workers of the Party II, it would not be proper and justified to say that insertion of such clause in the settlement in this case is opposed to public policy. This is more because, the members of the Union who represented the Union at the time of settlement talks and who later did not sign the settlement and those who signed the settlement, did not object for insertion of such a clause in the settlement and therefore the contention of Learned Advocate for Party II that it was an error to put such clause having no legal implication in the settlement, cannot be accepted.

31. As regards the aspect of authorization by the workers to the office bearers of the Union to give consent to the settlement, on their behalf, it is the contention of Lnd. Advocate for Party II that Party I Workmen had not given such authorization to the workers representing the Union and therefore the settlement does not bind Party I Workmen. Reading of the claim statement reveals that it is nowhere the case of Party I Workmen that they had authorized the representatives of the Union to consent to the settlement. There is also no pleading in the written statement of Party II stating that Workmen had not authorized the representatives of the Union to consent to the settlement. However in the rejoinder Party I Workmen have projected the case that all the workers were the members of the Union and they have authorized the Union to sign the settlement dated 31-7-01. Nonetheless, since the above statement has come on record in the rejoinder, the same cannot be considered as the pleadings of Party I and it is precisely for this reason no issue has been framed on the said subject.

32. In the judgment in the case of **Brook Bond and Hindustan Housing Factory (both cited supra)** it is observed that if there is a recognized Union and the constitution of the Union provides that any of its office bearers can enter into a settlement with the management, a settlement may be arrived at between the employer and such office bearer or office bearers but where constitution does not so provide specifically, the office bearers should have the necessary authorization by the executive committee of the Union or by the Workmen. It may be mentioned

here that Lnd. Advocate for Party II has also produced the copy of Bye-laws of Party I Union, for perusal of this Court, to substantiate that no such authorization is provided in the Bye-Laws.

33. Further, in the judgment in the case of **J. K. Chemicals (supra)** the ratio culled out is that the object of the authorization is to ensure that a settlement which has been arrived at by representatives who are not duly authorized is not foisted on the Workmen and that the Tribunal has to be careful to see that, due authorization has infact been given.

34. Nevertheless, as rightly pointed out by Lnd. Advocate for Party I, it is not open to Party II to raise this issue at this stage because reading of the above judgments make it clear that when the authority of the office bearers who sign the memorandum of settlement is challenged or disputed, the said authority or authorization of the office bearers who signed the memorandum of settlement has to be established as fact, meaning thereby such fact has to be alleged in the pleadings. This is because as is observed in the case of **Brook Bond (supra)** rule 58 presupposes the existence of a settlement already arrived at between the Employer and the Workmen and it only prescribes the form in which the memorandum of settlement should be and by whom it should be signed.

35. I have already mentioned supra that the above fact is not pleaded by either of the parties in their pleadings i.e. in the claim statement or the written statement but that it is Party I who has made mention of it in the rejoinder and therefore I am of the opinion that strictly speaking it would not be proper and justified to say that Party II cannot raise the said issue without pleading this fact in the written statement. Nevertheless, as no issue has been framed on the said fact, the question of deciding it, does not arise.

36. In view of discussion supra, issue No. 1 and 2 are answered accordingly.

37. *Issue No. 3:* Having come to the above findings, Party I Workmen (except Workmen at Sr. No. 20 to 23, 25, 26, 28, 30 to 32, 35 and 45 in the terms of reference) are not entitled to the relief's as prayed for. Hence my findings.

In the result, I pass the following.

ORDER

AWARD

(Passed on 12th September, 2012)

In exercise of powers conferred by clause (d) of sub-section (1) of Section 10 of the Industrial Disputes Act, 1947 (for short the Act), the Government of Goa by order dated 4-12-1996 bearing No. IRM/COM/Sc/(61)/96/12382 referred the following dispute for adjudication by this Tribunal.

"Whether the demand for payment of 20% bonus for the accounting years 1993-94 and 1994-95 served on the management of M/s Naseem Creations (India), Sancoale, by Goa Trade and Commercial Workers' Union, is legal and justified?

If so, to what relief the Workman are entitled to?"

2. Upon receipt of the reference, a case was registered under No. IT/76/96 and registered A.D notice was issued to the parties. In pursuance to the said notice the Party I appeared before the court through his representative and Party II remained present in person. Party I filed the claim statement at Exb. 3 and subsequently Party II filed the written statement at Exb. 4. Party I then filed the rejoinder at Exb. 5.

3. It is in short the case of the Workman i.e. Party I that Party II which is a company manufacturing garments is run by Mrs Naseem Shaikh who is the proprietor the said company which is employing around 70 workers and is in the process of manufacturing since the year 1988. It is stated that Party II is covered under the Bonus Act as it has already completed five years of production before the financial year 1993-94. It is stated that by letter dated 13-10-94, Party I requested Party II to disburse bonus @ 8.33 % for the financial year ending on 31-3-94 but Party II did not pay the same. It is stated that by letter dated 4-11-94 Party I raised a fresh dispute before Deputy Labour Commissioner, Margao, Goa requesting to prevail upon the management to pay the bonus for the year ending 31-4-94 and thereafter on 10-7-95 again requested the proprietor to pay bonus for the financial year ending 31-3-95 but Party II refused. That by letter dated 24-7-95 Party II was requested to inform the exact date of payment of bonus and by letter dated 22-7-95, Party II agreed to pay the bonus as per the provisions of Bonus Act. It is stated that both the parties were then called the office, of the Deputy Labour Commissioner, Margao, Goa for the meeting on 18-10-95 to resolve the issue of

Payment of bonus for the financial year ending 1993-94 and 1994-95. It is stated that in the further course of proceedings at the instance of Party I, chartered accountant firm by name M/s A. N. Kharangate and Associates submitted reports dated 1-12-95 stating that should the correct stock figures are taken into account, the net profits and corresponding gross profits under the Bonus Act would be much higher for the years 1992-93 to 1994-95. It is stated that Party II has started commercial production since beginning of year 1988 and as such the Workmen are entitled for the payment of bonus after five years of completion of commercial production. It is therefore prayed by Party I to hold that the action of Party II of non-payment of bonus @20% for the accounting year 1993-94 and 1994-95 is illegal and unjustified and to direct Party II to pay bonus at the above rate for the financial year 1993-1994 and 1994-95.

4. In the written statement Party II has denied the case of Party I and has stated that the reference is not maintainable and is bad in law since no appropriate reasons have been given by the Government for making this reference; that the Government ought to have applied its mind to Section 16 of the Payment of Bonus Act, 1965 in particular (1-A) explanation II (b) in terms of which the Workmen are not entitled to claim bonus as prayed for and that the union had also not put forth any justification during the conciliation proceedings to show as to how they are entitled to any bonus for the years 1993-94 and 1994-95. It is stated that the establishment of Party II was started in the year 1989; that the shed in which the goods were manufactured was taken possession of after 8-6-89 and thereafter the loan was sanctioned and disbursed by the Economic Development Corporation between 7-7-89 to 20-11-89. It is stated that EDC directly made payment to the suppliers of the machinery and equipment and accordingly made payment to Mysore Sewing Machine Co., M/s Virani Sales Corporation and other suppliers in July, 1989 and thereafter and therefore Party II could start manufacture only then which was somewhere in October, 1989. It is stated that in terms of Section 16 of the Payment of Bonus Act, 1965 Party II is not required to pay bonus up to accounting year 1994-95. It is stated that total loss carried forward as per the relevant provisions of the Act up to the accounting year 1994-95 is Rs. 15,27,931.00 and therefore the Workmen are not entitled to claim any bonus. It is stated that the letter dated 22-7-95 has been totally misunderstood by the union as the correct thinking while writing the

said letter was that if at all the workers are entitled to bonus under the Act, they would be paid accordingly and after calculation it was observed that the workers were not entitled to bonus as per Payment of Bonus Act, 1965. It is stated that the so called bonus and calculation of M/s A. N. Kharangate and Associates and their report dated 1-12-95 are not correct calculations as per the Payment of Bonus Act, 1965 and the same have been made without taking into account the relevant provisions of the Payment of Bonus Act, 1965. Thus, it is the contention of Party II that the entire reference ought to be rejected.

5. In their rejoinder Party I has denied the contentions raised by Party II in its written statement.

6. On the basis of above averments of the respective parties the issues were framed at Exb. 6.

7. In support of its claim Party I examined Shri Narayan Palekar as witness No. 1 and Shri Raju Mangeshkar as witness No. 2. On the other hand Proprietor of Party II, Mrs. Naseem Shaikh examined herself as witness 1 for Party II and closed the case.

8. Heard Learned Advocate Shri Suhas Naik for Party I and Learned Adv. Shri M. S. Bandodkar for Party II.

9. In his arguments Learned Advocate for Party I submitted that Party I has produced documentary evidence on record to establish that the workers in the meeting held on 25-5-90 had resolved to join Goa Trade and Commercial Workers' Union and that Shri Christopher Fonseca is the President of the said Union and therefore he has authority to file the statement of claim on behalf of the Workmen. He also stated that Party II has not paid the bonus to the Workmen for the financial years 1993-94 and 1994-95 though they are liable to pay the same. He also made reference to the report of Chartered Accountant from M/s A. N. Kharangate and Associates to contend that the net profits and the corresponding gross profits under the Bonus Act was much higher for the years 1992-93 and 1994-95 and urged that Party II is therefore liable to pay the bonus as prayed for.

10. On the other hand Learned Advocate for Party II by inviting my attention to Section 16 (1-A) and explanation II(b) of the Payment of Bonus Act viz-a-viz the balance sheets of Party II of the relevant period, contended that Party II is not liable to pay any bonus as prayed for by

Party I. Further by referring to Section 23 of the Payment of Bonus Act he submitted that there is presumption about accuracy of balance sheet and profit and loss account and therefore the court is bound to consider the documents pertaining to profit and loss account of Party II which show the losses incurred by Party II during the relevant period. Further by inviting my attention to Section 16 of the Payment of Bonus Act, he stated that since there was no allocable surplus, the question of set off would not arise by further making it clear that the factory of Party II was then closed in the year 1996. Thus, in short he contended that the present reference deserves to be rejected.

11. I have gone through the records of the case and have duly considered the submissions made by both the Learned Advocates.

12. I am reproducing herewith the issues along with their findings and reasons thereof.

1. Whether the Party I proves that Positive. Shri Christopher Fonseca has the authority to file statement of claim on behalf of the Workmen?
2. Whether the Party I proves that Negative. the Workmen are entitled to 20% bonus for the accounting years 1993-94 and 1994-95 and their demand is legal and justified?
3. Whether the Party II proves that Positive. the reference is not maintainable and bad in law for the reasons stated in para I of the written statement?
4. Whether the Workmen are entitled to any relief? Negative.
5. What Award? As per order below.

REASONS

13. *Issue No. 1:* It is the averment in para 1 of the statement of claim that it is filed by Shri Christopher Fonseca, President of Goa Trade and Commercial Workers' Union representing Workmen/Party I. In reply to this para, it is the contention of Party II that they have no means to find out whether Mr. Christopher Fonseca has authority or has been authorized by the Workmen to file the statement of claim or not. Thus, the above averments made by the respective parties gave rise to this issue.

14. It may be mentioned here that the statement made by Shri Narayan Palekar that the statement of claim is filed by Shri Christopher Fonseca, the President of the Union is not denied in this cross examination. Shri Palekar has also stated that he is one of the Secretary of Goa Trade and Commercial Workers' Union (GTCWU) and that the workers of Party II have become the members of GTCWU. He has also produced the resolution passed by the workers of Party II in the meeting held on 25-5-90 at Exb. W-1 wherein 77 workers of Party II have resolved to join GTCWU. He has also stated that a letter was sent to the managing director of Party II informing about the above fact along with the copy of the resolution and has produced the copy of the said letter dated 23-5-90 at Exb. W-2. Perusal of Exb. W-1 makes it clear that there is mention in it about the existence of GTCWU and of Christopher Fonseca being its President. Even otherwise the above statements made by Shri Palekar in his chief examination are not denied in his cross examination. That apart Mrs. Naseem Shaikh of Party II has also admitted of having received a letter from GTCWU stating that the workers of Party II had become its members. She has even produced a letter dated 22-8-95 at Exb. W-6 addressed by her to the President of GTCWU which is a reply to the letter dated 8-8-95 of the said President and perusal of this letter dated 8-8-95 at Exb. W-4 clearly makes it clear that the same has been addressed by Shri Christopher Fonseca as President of GTCWU to Mrs. Naseem Shaikh requesting to disburse the bonus. Thus, the above correspondence and the statements made by Mrs. Naseem Shaikh make it clear that there is no dispute on behalf of Party II that Shri Christopher Fonseca is the President of GTCWU and since there is also no dispute that the workers have joined GTCWU vide resolution at Exb. W-1, I am of the considered opinion that Mr. Christopher Fonseca as the President of Party I has authority to file the statement of claim on behalf of the Workmen. Hence my findings.

15. *Issue Nos. 2 and 3:* Both these issues are answered together for the sake of convenience as they relate to the entitlement of Workmen/Party II to claim 20% bonus for accounting years 1993-94 and 1994-95.

16. According to Shri Narayan Palekar the manufacturing of the garments in the factory was started by Party II somewhere in the year 1988. He has stated that by letter dated 13-10-94 which he has produced at Exb. W3, the union called upon the Party II to pay bonus @8.33% for the year ending

31-3-94 and has also produced the reminders dated 10-7-95, 26-10-95, 8-8-95 and 10-6-96 at Exb. W4 colly issued to Party II for payment of such bonus. He has stated that inspite of these reminders, Party II did not pay bonus and sent a letter dated 22-8-95 which he has produced at Exb. W6 stating that the wage agreement provides that the bonus will be paid as per the Bonus Act. He has also produced a letter dated 1-12-95 at Exb. W7 by the Chartered Accountant Shri A. N. Kharangate and Associates wherein it is stated that if corrected stock figure were taken into account, the net profit and the corresponding gross profit under Bonus Act would be much higher. He has further stated that Party II used to make huge profits in their business of manufacturing garments and that they should be directed to pay the bonus as prayed for.

17. In his cross examination he has stated that he cannot produce any document to show that the workers were employed in the factory in the year 1988. He has stated that in the resolution at Exb. W1 it is not specifically mentioned that the workers who signed the same were working since 1988 and has denied the suggestion that the manufacturing business of the Party II started in October, 1989. In reference to letter dated 22-8-95 at Exb. W6 he has denied the suggestion that Party II had told them that bonus will be paid if at all the same was to be paid under the payment of Bonus Act. He has also stated that information was given to the Chartered Accountant Shri A. N. Kharangate and Associates from time to time for preparing the statement of computation of gross profits and has denied the suggestion that the statement prepared by the said Chartered Accountant is not in accordance with the provisions of the payment of Bouns Act and that the correct calculation regarding bonus was shown in the conciliation proceedings. He has also stated that his statement that Party II used to make huge profits in their business is based on the statement prepared by Chartered Accountant.

18. Shri Raju Mangueshkar has stated that at the request of the union, Party II submitted their accounts which were further submitted to the Chartered Accountant Shri A. N. Kharangate and Associates and by referring to the report dated 1-12-95 at Exb. W7, submitted by the Chartered Accountant, he has stated that in terms of above document it was evident that Party II was making sufficient profit and was in a position to pay bonus to the workers. In his cross examination he has stated that the factory of Party II is closed since March, 1997. He has stated that for carrying on

the business of manufacturing garments a shed is required and the same was allotted to Party II by Goa Industrial Development Corporation. He has stated that he is not aware whether the said shed which was earlier used by M/s. V. N. S. Service Centre was transferred in favour of Party II or as to when it was transferred. He also seems to be not aware as to whether Party II has obtained any loan from E.D.C. for the purpose of their business. He has stated that he has no documentary evidence to show that the Party II employed workers in the year 1988. He has also stated that he has no documentary evidence to show that the manufacturing activities were started by Party II in the year 1988. He has however admitted that it is not mentioned in the documents namely Exb. W1 to W5 which are resolution dated 25-5-90, letter dated 23-5-90, letter dated 13-10-94 by union calling upon the Party II to pay bonus @8.33% for the year ending 31-3-94 and the reminders dated 10-7-95, 26-10-95, 8-8-95 and 10-6-96 sent to Party II for payment of bonus, that the manufacturing activities are being carried out by Party II in the year 1988. He has also denied the suggestion that it is not stated in the letter dated 1-12-95 at Exb. W7 that the workers are entitled for bonus for the year 1993-94 and 1994-95. He has also denied the suggestion that Party II never made huge profits so as to pay bonus to its workers for the year 1993-94 and 1994-95.

19. Mrs. Nassem Shaikh the Proprietor of Party II has produced a letter dated 9-5-89 at Exb. E 1 on the subject of transfer of shed No. D2-1 of M/s. V. N. S. Service Centre to her and has further produced a copy of an order dated 8-6-1989 by GDDIDC granting her permission for transfer of the said shed in the name of Party II on payment of annual lease rent of Rs. 1182/- at Exb. E2. She has also produced xerox copy of a letter dated 14-6-89 at Exb.E3 by which EDC sanctioned her the loan of amount of Rs. 9,40,000/- for acquiring the shed and the machinery of various types such as sewing machines, overlock machines, cutting machines etc. and has produced on record a letter dated 14-9-89 received by her from Mysore Sewing Machines Co. giving the proforma invoice at Exb.E4. She has also produced xerox copy of proforma invoice dated 21-4-89, delivery challan dated 14-10-89 and the receipts given by Virani Sales Corporation at Exb. E8 colly. She has also produced a xerox copy of letter dated 10-8-89 addressed by one Shri S. S. Pillai civil and structural contractors to Party II on the subject of the repair work of the shed, at Exb. E8 and the

statement of account submitted to her by EDC for the period from 7-7-89 to 31-3-93 showing the amount disbursed to her and the balance amount payable by her, at Exb.E10. She has stated that she appointed lady tailors and other staff members from the month of October, 89 and started maintaining the muster roll from October, 89 and has produced on record the copy of said muster roll at Exb. 11 as well as the register giving details of the workers employed by her at Exb. 12. She has stated that she did not pay bonus to the workers for the year 1993-94 and 1994-95 as they were not entitled for the same as per the provisions of the payment of Bonus Act. She has produced the xerox copy of the Profit and Loss Account and Balance Sheet for the year ending 31-3-90 to the year ending 31-3-95 at Exb. 13 colly. She has also produced xerox copies of computation of gross profit as per the payment of Bonus Act for the accounting year 31-3-90 to the accounting year ending 31-3-95 at Exb. 14 colly. She has stated that the union had produced the calculation made by Charted Accountant Shri A. N. Kharangate before the Dy. Labour Commissioner to which she did not agree. She has stated that DLC called both the charted accountants i.e. of Party I and Party II however the charted accountant of Party II appeared but Mr. Kharangate did not appear. She has stated that in her letter dated 22-8-95 at Exb. W6 she had mentioned that the bonus would be paid as per the Bonus Act and has produced the copies of letter dated 25-10-94, 22-7-95 and 3-8-95 written by her to the President of the union stating that Party II was not liable to pay bonus to the workers as per the payment of Bonus Act, at Exb. 15 colly. Thus according to her the claim of workers for 20% bonus for the accounting year 1993-94 and 1994-95 is false and that they are not entitled even to the minimum bonus @8.33% as per the payment of Bonus Act.

20. In her cross-examination, upon being shown the letter at Exb. E-8, she has stated that the said letter does not mention the nature of the repair work carried out by the said contractor. She has however denied the suggestion that no repair work was carried out to the factory as mentioned in Exb.E-8. Upon being shown the delivery challan and the proforma invoice, this witness has stated that the delivery challan does not mention the type of the machine, the make of the machine and the year of its manufacturing but in the invoice the type and make of the machine is mentioned. She has also denied the suggestion that in the balance sheets of Party II there is no mention of

all the amounts received by Party II so also that the expenditure which has been shown in the balance sheet of Party II is false. Further she has also denied the suggestion that Party II has made profits for the accounting year 1993-94 and 1994-95 and according to her the workers are not entitled to 20% bonus or any other bonus for the accounting year 1993-94 & 1994-95.

21. Thus, from the above evidence it can be safely gathered that it is the particular case of Party I that the manufacturing of the garments in the factory was started by Party II in the year 1988 whereas according to Party II the said manufacturing started in the year 1989. It is further clear from the deposition of the above witnesses that Party I was not able to produce any documents to substantiate their statement that manufacturing of garments commenced in the year 1989. On the contrary, documentary evidence produced by Mrs. Naseem Shaikh and more particularly Exb. E-1 on the transfer of shed No. D2-1, Exb. E-2 on the subject of payment of lease rent and Exb. E-3 which is a letter dated 14-6-89 of sanctioning loan by EDC, makes it clear that all the above documents came into existence in the year 1989 and even otherwise it is not the case of Party I that Mrs. Naseem Shaikh had started the manufacturing work in the shed prior to execution of the aforesaid documents. No doubt, Mrs. Naseem Shaikh has been cross examined on the documents at Exb.E-8 as well as on the delivery challan and proforma invoice to bring on record the fact that no details of the nature of repair work, type of machines or the make of machines if found mentioned in the same but, to my mind this by itself cannot falsify its case projected by Party II that the manufacturing of the garments in the factory commenced in the year 1989 and this can be safely concluded on the basis of the documents at Exb.E-1, Exb.2 and Exb.E-3. It is worthwhile noting that there is no effective cross examination of Ms. Naseem Shaikh on Exb.E-1, Exb.E-2 and Exb.E-3 and therefore the contents of these documents have gone unchallenged and hence deserve to be accepted.

22. In the light of the specific case of Party II referring to the Section 16 (1-A) of the Payment of Bonus Act, 1965, it is relevant to see if the case set up by Party II comes within the purview of aforesaid Section. The same when quoted reads as under:

"In the first five accounting years following the accounting year in which the employer sells the goods produced or manufactured by him or

renders services, as the case may be from such establishment bonus shall be payable only in respect of the accounting year in which the employer derives profit from such establishment and such bonus shall be calculated in accordance with the provisions of this Act in relation to that year but without applying the provisions of Section 15".

23. Since I have already come to the conclusion that the work of manufacturing of the garments in the factory commenced in the year 1989, the following accounting years after this first accounting year 1989-90 would be 1990-91, 1991-92, 1992-93, 1993-94 and 1994-95. In terms of aforesaid provision it is therefore required to see if the employer has derived profit in respect of the above accounting years. It is apparent from the evidence of Mrs. Naseem Shaikh and more particularly the documents at Exb. E-13 colly that during the accounting years from 1990-91 to 1994-95 the company did not derive any profit and this is because the balance sheets of all these accounting years show the net loss suffered by Party II. Records also reveal that in the course of the evidence of Mrs. Naseem Shaikh when she produced the documents at Exb. 13 colly, Learned Advocate for Party I prayed to direct the witness to produce the record in respect of the entries in Exb. 13 colly however my learned predecessor by advertizing to the law on the subject and more particularly Section 23 of the Payment of the Bonus Act, 1965 which speaks about presumption about accuracy of balance sheet and profit and loss account of Corporation and companies gave the ruling that the documents at Exb. 13 colly have to be accepted as they are. I have already mentioned above that Exb. 13 colly clearly depict the losses suffered by Party II during the accounting years for the period from 1990-91 to 1994-95 and being so as rightly pointed out by Learned Advocate for Party II in terms of Section 16 (1-A) of the Payment of Bonus Act, the question of directing the employer to pay bonus @20% or at any other rate, to Party I Workmen, for the years 1993-94 and 1994-95 does not arise.

24. Even for that matter, Section 15 of the Payment of Bonus Act, 1965 speaks about set on and set off of allocate surplus which is to be carried forward for being set on in the succeeding accounting year and in this context Mrs. Naseem Shaikh has produced the copies of the computation of the gross profits of the accounting year ending 31-3-90 to the accounting year 1990-95 at Exb. 14 colly and these documents also show the loss

suffered by Party II. This being the case the question of Party I claiming any bonus of the accounting years 1993-94 and 1994-95, does not arise, Consequently, the reference is not maintainable and bad in law in view of the provisions of Section 16 (1-A) of the Payment of Bonus Act, 1965.

25. Be that as it may, though it is the contention of Party I that by letter dated 22-8-95 (wrongly stated as dated 22-7-95) Party II agreed to pay the bonus as per the provisions of the Bonus Act, reading of this letter which is produced at Exb. W-6 nowhere gives such interpretation and on the contrary it states that the bonus will be paid as per the Bonus Act. This fact is also made clear by Mrs. Naseem Shaikh by depositing that in Exb. W-6 dated 22-8-95 she had stated that the bonus would be paid as per the Bonus Act. Thus, Exb. W-6 cannot be read to mean that Party II had agreed to pay the bonus to Party I Workmen.

26. It is also worthwhile nothing that Shri Mangueshkar has by referring to the report of M/s. A. N. Kharangate and Associates dated 1-12-95 at Exb. W-7 has stated that, it is mentioned therein that from the half records submitted by Party II it was evidence that Party II was making sufficient profit and was in a position to pay the bonus to the workers. It is however seen that Party II has denied the above statement made by Shri Raju Mangueshkar. That apart, reading of Exb. W-7 also makes it clear that it nowhere says in clear terms that Party II was making sufficient profit and was in a position to pay the bonus. It was therefore in such complex situation, for the Party I to have examined the concerned person from M/s. A. N. Kharangate and Associates to bring on record the correct interpretation of Exb. W-7. This is more because in terms of Section 23 of the Payment of Bonus Act and the ruling given on the subject by my learned predecessor, Party II gets the benefit of the presumption arising under aforesaid Section 23.

27. At any rate, since Party II has succeeded in establishing that their defence is squarely covered by Section 16 (1-A) of the Payment of Bonus Act, 1965, there is no question of holding that the demand for payment for bonus made by Party I is legal and justified, Hence my findings.

28. Issue No. 4: In view of discussion supra, the Workmen are not entitled to any relief.

29. In the result, I pass the following.

ORDER

1. It is hereby held that the demand for payment of 20% bonus for the accounting years 1993-94 and 1994-95 served on the management of M/s. Naseem Creations (India), Sancoale, by Goa Trade and Commercial Workers' Union, is illegal and unjustified.
2. The Workmen are therefore not entitled to any relief.
3. No order as to costs.

Inform the Government accordingly.

Pursuant to this Party I was duly served however the notice issued to Party II returned with the remark "refused" and as such the proceedings were ordered to proceed ex-parte against Party II.

3. In the statement of claim filed by Party I/Workman, it is stated that initially he was working in the Head Office of Party II which was also having shops selling the goods and functioning in the name and style as "Tarcar Trading Company" at Mapusa, Panaji, Bicholim, Vasco, Ponda and Calangute. It is stated that at the time of termination of services, the employer did not offer him any compensation or legal dues or terminal dues of whatsoever nature though he had put in 240 days of continuous service. It is stated that the action of Party II management in orally terminating his services is illegal, unjustified and bad in law. It is

stated that Party I then raised the industrial dispute and as the conciliation proceedings ended in failure the Government has sent the present reference for adjudication.

4. As stated above, Party II did not file the written statement and hence the evidence of Shri Sunil Khandolkar was recorded and thereafter the reference was disposed off by award dated 20th October, 2008, by holding that action of Party II in refusing employment to Party I w.e.f. 15-3-04 is illegal and unjustified and that Party I is entitled for reinstatement with continuity in service, with full back wages from 15-3-04. In the course of further proceedings, Party II filed application vide MISC/1/2011 in the present reference for setting aside the ex-parte award dated 20-10-08 as well as the order dated 10-12-07 vide which the proceedings were ordered to proceed ex-parte against Party II. Lnd. Advocate for Party I gave no objection on the above application and accordingly the application was granted.

AWARD

(Passed on 25th July, 2012)

In exercise of the powers conferred by clause (c) of sub-section (1) of Section 10 of the Industrial

Disputes Act, 1947 (Central Act 14 of 1947) (for short The Act) the Government of Goa by order dated 17-1-2006 bearing No. 28/32/2005-LAB/41 referred the following dispute for adjudication by this Tribunal.

"(1) Whether the action of the management of M/s. Jai Hair Dressing Saloon, Ponda, Goa, in terminating the services of Shri Prabhakar Y. Chawan, Hair Dresser, with effect from 28-3-05, is legal and justified?

(2) If not, to what relief the Workman is entitled to?"

2. On receipt of the reference, a case was registered under No. IT/1/06 and registered AD notices were issued to the parties. In pursuance of the said notices, parties put in their appearance. Party I (for short 'Workman') was represented by Shri P. Gaonkar and Party II (for short 'Employer') was represented by Adv. M. R. Naik. The Workman filed the statement of claim at Exb. 4; the Employer filed the written statement at Exb. 6 and thereafter the Workman filed the rejoinder at Exb. 7.

3. It is in short the case of the Workman that he was employed by Party II as hair dresser since the year 1968 and since then he has continuously worked with Party II. It is stated that Party II was partnership firm registered under The Partnership Act and the establishment was registered under the provisions of Goa Shops and Establishment and registered under registration No. PONDA/1/710 and at the time of registration and renewal of license the name of Party I was shown as the employee. That by agreement dated 22-3-05, Smt. Premabai Pandurang Borkar purchased the shares along with the shop and continued to operate the business of hair cutting and allowed Party I to work as hair dresser. That on 28-3-05 Party I was informed that his services were no more required and stood terminated. That at the time of termination of his services no legal dues were paid to him and even no enquiry was conducted nor was any charge sheet issued to him before termination of his services. It is stated that considering his years of service, Party I was paid wages of Rs. 6000/- per month. It is stated that after the termination of his service, Party II has employed new Workmen. It is stated that before his termination the management has not complied with the provisions of I.D. Act and therefore the termination is illegal, unjustified and bad in law and he is entitled for reinstatement with full back wages and continuity of service. The Workman has therefore prayed to declare that

his termination is illegal, improper and unjustified and to direct the employer to reinstate him with full back wages and continuity of service.

4. In the written statement it is the case of the employer that the claim is not maintainable and tenable as Party I is not coming within the purview of definition of 'Workman' under the Act; that the claim is baseless, fictitious and unwarranted and that the employer never employed the services of Party I. It is stated that the shop in question belongs to one Shri Dessai which is on lease basis but as there were some disputes between Narayan Borkar and Smt. Premabai Borkar, said Narayan Borkar sold his share to Premabai Borkar. It is stated that Party I who was kept on commission basis by said Narayan Borkar left the services on his own much prior to the said agreement about a month before the said agreement and therefore allowing him to continue to work, does not arise. It is stated that it is a practice in the saloon that the Worker in the saloon in paid commission according to the work done and if a worker does hair cutting of 10 persons, half of the earning per person is paid at the end of a day and similar was the case between Party I and Shri Narayan Borkar. It is stated that presently there are only two persons working with Premabai Borkar and the place of Party I is still vacant and in case Party I is ready and willing to work under Party II, he is welcomed to work and Smt. Premabai Borkar is ready to allot the work to him. It is stated that Party I left the services of said Narayan Borkar to have his own saloon which he has opened and is operating exactly on the rear side of the shop of Party II which is run under the name and style as "Chawan Hair Dresser" by Party I and his son. Thus, Party II has prayed to dismiss the claim filed by Party I.

5. In the rejoinder, Party I has denied the contentions raised by Party II in her written statement and has stated that as the shares of the business "Jai Hair Cutting Saloon" were taken over by Smt. Premabai Borkar, she is liable for all the liabilities of Party I under the law.

6. On the basis of above pleadings of the parties, issues at Exb. 8 dated 18-4-06 were framed by the court. Records reveal that Shri P. Gaonkar representing Party I filed affidavit in evidence of Party I, the copy of which was given to Lnd. Advocate for Party II, however in the course of further proceedings neither Party II nor her advocate remained present and hence the case of the Workman was closed after recording his chief examination. The Workman did not examine any witnesses in support of his case. No evidence was led by Party II, in defence.

7. Heard Shri P. Gaonkar for Party I. He has also filed written submissions at Exb. 20.

8. I have gone through the records of the case and have duly considered the arguments advanced by Shri P. Gaonkar.

9. The issues at Exb. 8 are reproduced below along with their findings and reasons thereof.

Issues	Findings
1. Whether the Workman/ /Party I proves that he was employed with the Employer/Party II as a 'Hair Dresser' since the year 1968 on a monthly salary of Rs. 6000/- p.m.?	Partly in the affirmantive.
2. Whether the Workman/ /Party I proves that the Employer/Party II terminated his services w.e.f. 28-03-2005 and that the same is illegal and unjustified?	Affirmative.
3. Whether the Employer/ /Party II proves that there is no Employer-Employee relationship between the Employer/Party II and Workman/Party I?	Negative.
4. Whether the Employer/ /Party II proves that the Workman/Party I is not a "Workman" as defined u/s 2(s) of the I.D. Act, 1947?	Negative.
5. Whether the Employer/ /Party II proves that the Workman/Party I left the services of the Employer/ /Party II at his own will without any intimation or notice?	Negative.
6. Whether the Workman/ /Party I is entitled to any relief?	The Workman is entitled for reinstatement with full back wages.
7. What Award?	As per order below.

REASONS

10. *Issue No. 1:* The Workman has stated on oath that he was appointed as Hair Dresser by M/s Jai Hair Dressing Saloon, Ponda, Goa since 1968 and since then he has continuously worked with Party II. Since the Workman has not been cross examined, his above statement has gone unchallenged. Nonetheless, to substantiate the above statement, the Workman has produced at Exb. 18 colly the registration certificate of the establishment "M/s Jai Hair Dressing Saloon" dated 7-2-01 and Form I attached to this certificate makes it clear that the above business was commenced in the year 1964. Exb. 18 colly also makes it clear that the Workman i.e. Prabhakar Y. Chawan was employed in this establishment.

11. It may be mentioned here that in her written statement it is the precise case of Party II i.e. Smt. Premabai Borkar that the Workman was kept on commission basis by Shri Narayan Borkar and that he left the services or Shri Narayan Borkar on his own, much prior to the agreement dated 22-3-05 vide which said Smt. Premabai Borkar purchased the share of Shri Narayan Borkar. This being the case, it is clear that the fact of employment of the Workman in the establishment M/s Jai Hair Dressing Saloon is not disputed by Smt. Premabai Borkar though according to her, this employment was on commission basis, which defence has to be proved by said Party II.

12. As regards the nature of work done by the Workman in the Party II establishment, the same is not seriously disputed by Party II and this is because in para 12 of the written statement it is the case of Party II that in respect of the case between the Workman and Shri Narayan Borkar, the practice was that the Workman was paid commission according to the work done i.e. if he did hair cutting of ten persons, half of the earning per person was paid to him, at the end of the day. The above defence therefore indicates that there is no dispute on the part of Party II that the work undertaken by the Workman in the Party II establishment was of hair cutting which of that of a hair dresser.

13. Now coming to the contention of the Workman that considering his years of service, he was paid wages @ Rs. 6000/- per month, it is seen that the Workman has produced wage register at Exb. 17. Perusal of Exb. 17 indicates that the entries in it show the quantum of wages paid to the Workman till May, 1979. It reveals that

in May 1979 the Workman was paid net amount of Rs. 248.20 as wages. I have already pointed out above to the statement made by the Workman wherein he claims to have been paid wages @ Rs. 6000/- per month but from Exb. 17 it becomes clear that the Workman has failed to substantiate his above statement by means of documentary evidence. Except for examining himself, the Workman has not examined any other person nor has produced any records showing that he was paid @ Rs. 6000/- per month. Being so, I am of the considered view that though the Workman has succeeded in proving that he was employed with the employer since the year 1968, he has failed to prove that it was on a monthly salary was Rs. 6000/-. Hence this issue is answered accordingly.

14. *Issue Nos. 2 & 5:* Both these issues are answered together for the sake of convenience as they are interrelated.

15. It is stated by the Workman that he has continuously worked with Party II since his appointment with Party II. He has stated that vide agreement dated 22-3-05 Smt. Premabai Borkar purchased the shares in Party II establishment and continued to operate the business of hair cutting. He has stated that after the purchase of the shares by Smt. Premabai Borkar, he was allowed to continue to work as Hair Dresser but on 28-3-05, he was informed that his services were no more required and stood terminated.

16. Undoubtedly, industrial dispute was raised by the Workman before the office of Assistant Labour Commissioner but the conciliation proceedings ended in failure. The Workman has produced the copy of the failure report dated 21-11-05 at Exb. 19. Reading of Exb. 19 makes it clear that the Workman by his letter dated nil which was received by the office of Assistant Labour Commissioner, Ponda, Goa on 30-3-05 raised an Industrial Dispute stating that he was working with Party II for last 36 years and that w.e.f. 28-3-05 his services were illegally terminated by the management and thus the action of the management in terminating his services was illegal, malafide and bad in law. Exb. 19 further indicates that the said establishment was a partnership firm with two partners namely Shri Pandurang K. Borkar and Shri Narayan D. Borkar; that the partner Shri Narayan D. Borkar sold his share in the said saloon to Smt. Premabai Borkar, wife of late Shri Pandurang Borkar stating that he is no more

the partner and his share and other liabilities were taken over by said Smt. Premabai Borkar.

17. It may be mentioned here that the above statement made by the Workman as well as the document produced by him at Exb. 19 is not disputed by Party II as the Workman has not been cross examined by Party II. Therefore, I have no other option than to accept the statements of the Workman that after the purchase of the shares by Smt. Premabai Borkar, he was allowed to continue to work as Hair Dresser but on 28-3-05, he was informed that his services were no more required and stood terminated and that the employer terminated his services w.e.f. 28-3-05 which is illegal and unjustified. This is more because though in her written statement Smt. Premabai Borkar has categorically stated that the Workman left the services on his own about a month prior to agreement dated 22-3-05 vide which she purchased the share of Shri Narayan Borkar in the establishment, Party II has failed to prove this fact by leading evidence. In this context Shri P. Gaonkar relied on the judgment in the case of **The Executive Engineer, Irrigation Division-I, Jaipur & Anr. vis. Nar Narain 1994 LLR 539** in which it is observed that in a case where reference is made by the Government in the matter of termination of service of an employee (Workman) and the employer raises a plea of voluntary abandonment of services by the employee the burden lies on the employer to plead and prove by cogent evidence that the Workman had left the service of his own. Thus, it stands established from the evidence on record that Party II terminated the services of the Workman w.e.f. 28-3-05.

18. Hence issue No. 2 is answered in the affirmative and issue No. 5 is answered in the negative.

19. *Issue Nos. 3 & 4:* Both these issues are answered together as they relate to the same subject matter, which is about the relationship between the Workman and the employer.

20. I have already mentioned in the discussion supra that Party II has neither cross examined the Workman nor has stepped into the witness box to lead the evidence in proof of the contents of the written statement.

21. Be that as it may, it cannot be disputed that the burden of establishing that he is a "Workman" u/s 2(s) of the Act is on the Workman. I have observed in the discussion supra that the Workman has proved that he was employed as

hair dresser in the Party II establishment. Section 2(5) of the I.D. Act defines "Workman" as under;

"Workman" means any person (including an apprentice) employed in any industry to do any manual, unskilled, skilled, technical, operational, clerical or supervisory work for hire or reward whether the terms of employment be express or implied, and for the purposes of any proceeding under this Act in relation to an industrial dispute, includes any such person who has been dismissed, discharged or retrenched in connection with, or as a consequence of, that dispute, or whose dismissal, discharge or retrenchment has led to that dispute, but does not include any such person—

- (ii)
- (iii)
- (iv)

22. Shri P. Gaonkar relied on the judgment in the case of *Dhrangadhra Chemical Works Ltd. V/s State of Saurashtra and others, Civil Appeal No. 85 of 1956 (SC) 597* in which it is observed that the correct method of approach to determine the relationship would be to consider whether having regard to the nature of the work there was due control and supervision by the employer. He also relied on the judgment in the case of *H. R. Adhyantha V/s Sandoz, AIR 1995 SC 2608* in which it is observed by the Apex Court that whether the person is a Workman u/s 2(s) would depend upon the nature of his duties. viz-a-viz the above observations, in the case in hand the Workman had been doing a skilled job and undoubtedly, he was not employed in a supervisory or managerial category and therefore he is covered under the definition "Workman" u/s 2(s) of the Act.

23. Thus, from the above discussion it is clear that there was employer-employee relationship between the Workman and the employer and thus Party I is a Workman u/s 2(s) of the Act. Hence, both the above issues are answered accordingly.

24. Issue No. 6: In his claim statement Workman has prayed to declare his termination as illegal, improper and unjustified and to direct the employer to reinstate him with full back wages and continuity of services. No doubt, in his written submissions Shri P. Gaonkar has mentioned that this Tribunal must hold that the action of Party II in terminating the services of Workman was illegal, unjustified and bad in law and to direct

that the Workman be paid monetary compensation instead of reinstatement as considering his health and age, reinstatement would not be advisable, but it is seen that there is nothing in the claim statement that the health and age of the Workman would not permit his reinstatement and therefore the above submission made in the written arguments is beyond the records of the case. On the other hand Party II has clearly stated in para 13 of the written statement that at present there are only two persons working with her and since prior to the agreement the Workman had left the work, said place is vacant till date and incase the Workman is ready and willing to work under Party II, he is welcomed to work and that Party II was ready to allot work to him. In the light of above averments, it would not be justified to grant monetary compensation to the Workman.

25. It is pertinent to note that the Workman has stated on oath that after his termination he is unemployed as he could not succeed in getting any job till date and is undergoing hardship due to unemployment. The above statement made by the Workman on oath is not disputed and therefore it is clear that the Workman has discharged the burden of establishing that he is not gainfully employed.

26. At any rate, since discussion supra makes it clear that the Workman, who was in continuous service with the Party II was terminated without complying with the provisions of the Act as well as in violation of the principles of natural justice, I am of the considered opinion that this is a fit case wherein the reinstatement of the Workman has to be ordered with full back wages. Hence my findings.

In the result, the following:

1. It is hereby held that the action of the management of M/s Jai Hair Dressing Saloon, Ponda, Goa, in terminating the services of the Workman Shri Prabhakar Y. Chawan, Hair Dresser, with effect from 28-3-05 is illegal and unjustified.

2. The Workman Shri Prabhakar Y. Chawan is ordered to be reinstated with full back wages.

- (II) If the answer to issue No. (I) above is in the negative, then, to what relief the Workmen are entitled?"

2. Upon receipt of the reference IT/4/12 came to be registered and notices were issued to both the parties. Adv. S. Naik appeared for Party I and filed the statement of claim at Exb. 6. Adv. Shri M .S. Bandodkar appeared for Party II and prayed for time to settle the matter.

3. In the claim statement Party I has reiterated the demands raised before the Government and which are mentioned in the order of reference and has stated that the company is a leader in the manufacturing and the supply of manufacturing and supply of this business. The wages and allowances of all the Workmen were fixed at the time of inception of the factory and at the time of appointment of the Workmen and since thereafter there has been no meaningful wage rise given to the Workmen. The present salaries and wages paid to the Unionized Workmen were very low, pathetic and meagre and does not even make both ends meet and does not take care of their bare minimum basic needs. The Union therefore at the request of all the Workmen raised a charter of demands dated 15-2-2011 specifically for a period of three years effective from 1-2-2011 but the same was not settled by Party II company across the table, inspite of series of request, letters and reminders. It is stated that Party II has been intentionally and deliberately adopting, delaying tactics in order to frustrate and create an element of fear, helplessness and anxiety in the minds of all the Workmen and has failed to negotiate and finalize the said charter of demands. It is stated that due to obstinate and adamant attitude of the employer, the Union was left with no other alternative than to raise an Industrial dispute before the Office of the Assistant Labour Commissioner, Government of Goa. It is stated that the said Industrial Dispute ended in failure. It is stated that the company is in a strong financial position to meet the demands raised by the Workmen and that the company has made huge profits every year. It is stated that the salaries paid by Party II has failed to take into consideration the rising costs of living index, market scenario and as such the present salaries paid are highly disproportionate and inadequate to meet the challenges of day today living. It is stated that the Workmen are justly entitled for pay scales demanded by Party I and a flat rise of ₹ 1,500/- per month over and above the existing gross salary as on 31-9-11. Thus, it is in short the contention of Party I that all the demands raised by Party I Union are just, fair and proper and the same need to be considered in favour of the Union Workmen.

4. In the course of further proceedings both the parties filed application at Exb. 7 stating therein that Party II has signed the settlement dated 4-8-12 u/s 2(p) read with Sec. 18(1) of the Industrial Disputes Act, 1947 with regards to the charter of demands dated 15-2-2011 by the Party I. Both the parties attached a copy of the settlement along with the covering letter dated 6-8-12 to the said application at Exb. 7 and prayed that the matter be disposed of in view of the said settlement and an award be passed in terms of the settlement.

5. The terms of the settlement dated 4-8-12 entered into between the parties read as under:
